First Aid
PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis is provided for in our school's Anaphylaxis Policy and asthma in our Asthma Policy. [Schools should have an Asthma Policy in place if they have a student enrolled who has been diagnosed with asthma.

POLICY

This policy should be read with Mahogany Rise Primary School's First Aid, Administration of Medication, Asthma and Anaphylaxis policies.

From time-to-time staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

1.   Staffing

The Principal will ensure that it has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training.

NOTE: Under the Minimum Standards for school registration schools are required to keep a current register of staff trained in first aid. You should ensure the name, first aid qualification and date of expiry is included in this register. You can either use this policy to include these details, your online EMP or any other document.

This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan.

2.   First aid kits

Mahogany Rise Primary School will maintain:

- A major first aid kit which will be stored in the first aid room.

- Three portable first aid kit/s which may be used for excursions, camps, or yard duty. The portable first aid kit/s will be stored:
  - First Aid Room

Tricia Gardner will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to First aid kits.

3. Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day, they may be directed to the sick bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

4. First aid room/sick bay area

Our school follows the Department's policy and guidance in relation to our first aid room/sick bay area to ensure it is safe, hygienic and appropriately equipped: First aid rooms and sick bays.

5. First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Mahogany Rise Primary School will notify parents/carers through Compass, email, or phone call.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practicable.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Mahogany Rise Primary School will:
  - record the incident on Compass
  - if first aid was administered in a medical emergency, follow the Department's Reporting and Managing School Incidents Policy, including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy.
